**RAIDERS**-T.L. MILLER 2004-09-15 Living in the threat of the third war, John Daniels follows his family tradition and begins training his child to survive. At the age of five, she is taught different styles of martial arts as well as hunting, tracking, and traps. The untimely death of the child's parents throws her into the middle of the war to use what she has learned. One day at a time, Kimber Daniels survives as she was raised to do. Anger for the people responsible for her parents' death pushes her down the path of revenge. Along the way, the vengeful survivalist discovers she isn't alone on the path of hate and unknowingly forms what would turn out to be the most dangerous rebel group of that war. The Raiders. Nothing left to lose; the rebels wage their own war on the enemy in a fight for their home and lives. YEAR: 2420 Four hundred years after Earth's third war, Supreme Commander Radkins, self-appointed leader of the Alterrian nation discovers the group's talents. In the middle of a war he started, he develops an interest in the group and what they could offer his troops. The high-tech time he lives in has the best weapons to offer, skilled pilots as well as battle ships powerful enough to destroy planets. The technology of the years had taken away from the people however. Trained to survive a push button world, ground assaults were nothing but stories to the military of this time. Sights set on the rebels from Earth's past; Radkins develops a time ship,

the Epoch-Hie, to bring the group to his war. Depending on the fact that they were traitors to their country and government, he planned to buy their services. He had no doubts that for the right price, the Raiders would help him over power and enslave the Galithians who were fighting the rebellion against him. Upon discovering Radkins plans, the rebellion is faced with yet another problem in defeating the Alterrian forces. Barely surviving as it was, they would not be able to withstand what the Raiders could do to the rebellion. Appointed to find the group, Major Kile Dorant and the pilots of Fire Squad begin the search. Reading the groups past in the history is alarming to say the least. Known as traitors, murderers, and deserters, the Raiders training and skills would undoubtedly destroy the rebellion if Radkins succeeded in using the group against them.

**The Other Mrs-**Mary Kubica 2020-03-01 Hypnotic and addictive and perfect for fans of You, The Other Mrs. is the twisty new psychological thriller from Mary Kubica, the blockbuster bestselling author of The Good Girl. Sadie and Will Foust have only just moved their family from bustling Chicago to small-town Maine when their neighbour, Morgan Baines, is found dead in her home. The murder rocks their tiny coastal island, but no one is more shaken than Sadie, who is terrified by the thought of a killer in her very own backyard. But it's not just Morgan's death that has Sadie on edge. It's their eerie old home, with its decrepit decor and creepy attic, which they inherited from Will's sister after she died unexpectedly. It's Will's disturbed teenage niece Imogen, with her dark and threatening presence. And it's

the troubling past that continues to wear at the seams of their family. As the eyes of suspicion turn toward the new family in town, Sadie is drawn deeper into the mystery of Morgan's death. But Sadie must be careful, for the more she discovers about Mrs Baines, the more she begins to realize just how much she has to lose if the truth ever comes to light.

**The Road-**Cormac McCarthy 2006-10-01 NOW AN ACADEMY AWARD NOMINATED FILM STARRING VIGGO MORTENSEN "So good that it will devour you. It is incandescent" Daily Telegraph A father and his young son walk alone through burned America, heading slowly for the coast. Nothing moves in the ravaged landscape save the ash on the wind. They have nothing but a pistol to defend themselves against the men who stalk the road, the clothes they are wearing, a cart of scavenged food - and each other. PRAISE FOR THE ROAD "A masterpiece that will soon be considered a classic" Herald "McCarthy conjures from this pitiless flight the miracle of unswerving humanity. Gripping beyond belief" Chris Cleave, Sunday Telegraph "One of the most shocking and harrowing but ultimately redemptive books I have read. It is an intensely intimate story. It is also a warning" Kirsty Wark, Observer Books of the Year "You will read on, absolutely convinced, thrilled, mesmerized. All

the modern novel can do is done here" Alan Warner, Guardian "The first great masterpiece of the globally warmed generation. Here is an American classic which, at a stroke, makes McCarthy a contender for the Nobel Prize for Literature" Andrew O'Hagan

**The Anatomy of Violence**-Adrian Raine 2013-04-30 Adrian Raine is one of the world's leading authorities on the minds of the violent, the criminal, the dangerous, the unstable. An Anatomy of Violence is the culmination of his life's work so far, offering the latest answers to some of the most difficult questions: what are the causes of violence? Can it be treated? And might it one day be stopped? Are some criminals born, not made? What causes violence and how can we treat it? An Anatomy of Violence introduces readers to new ways of looking at these age-old questions. Drawing on the latest scientific research, Adrian Raine explains what it reveals about the brains of murderers, psychopaths and serial killers. While once it was thought upbringing explained all, and subsequently explanations shifted to

genetics, Raine goes to great pains to explain that anti-social behaviour is complex, and based on the interaction between genetics and the biological and social environment in which a person is raised. But the latest statistical evidence between certain types of biological and early behavioural warning signs is also very strong. Through a series of case studies of famous criminals, Raine shows how their criminal behaviour might be explained on the basis of these new scientific discoveries. But the conclusions point to a host of philosophical and moral issues. What are the implications for our criminal justice system? Should we condemn and punish individuals who have little or no control over their behaviour? Should we act preemptively with people who exhibit strong biological predispositions to becoming dangerous criminals? These are among the thorny issues we can no longer ignore as our understanding of criminal behaviour grows. Praise for Adrian Raine's *The Psychopathology of Crime*: 'An extremely informative, thoughtful and illuminating book ... a tour de force', David P Farrington, *Psychological Medicine* Adrian Raine is the Richard Perry University Professor in the Departments of Criminology, Psychiatry, and Psychology at the University of Pennsylvania. For the past 35 years, his research has focused on the neurobiological and biosocial bases of antisocial and violent behavior, and ways to both prevent and treat it in both children and adults.

**Trace Evidence**-Bruce Henderson 2018-12-12 The #1 New York Times bestselling true crime author presents “a solid, compelling account of that most vicious of criminals, the random serial killer” (Library Journal). Through the 1970s

and 80s, a dangerous serial killer stalked Northern California along Interstate 5. Dubbed the I-5 Strangler, Roger Kibbe was incredibly skilled at staying ahead of investigators as his victim count rose. Even after he was identified, there wasn't enough evidence to charge him with murder. Instead, investigators had to build their murder case over the course of months while Kibbe was locked up on an assault conviction. Drawing on hundreds of hours of exclusive interviews with key investigators, as well as other important figures such as the Kibbe's reclusive wife, #1 New York Times bestselling author Bruce Henderson builds a fascinating portrait of this unrepentant murderer. "Trace Evidence is a gripping, fast-paced account of what it takes to capture and make a winnable case against an elusive serial killer." —Vincent Bugliosi, author of *Helter Skelter* "A masterful job...Lusciously detailed and immensely readable."—Booklist

**Death Ray**-Paul Ernst 2011-08-01 Follow Bill Oliver as He Tracks down a Cowardly Killer and Solves a "Clueless" murder!Excerpt Kib Nasten had worked this out pretty cleverly, he thought. Doctor Robert Wasey paid blackmail. A smooth con man named Ringo had hooked Wasey. Twice a year he called around and the doctor gritted his teeth and handed over two thousand in cash. Now the price was to be doubled, with Rib Nasten as Ringo's partner in the "clip." Disguised as a decrepit old man, Nasten had pushed past the protesting office girl and gained the doctor's inner office. Doctor Wasey, who was leaning over a black slab of a

table and working at a black, boxlike thing wheeled up beside it, stared impatiently at him. "My dear sir," he said. "There is a patient ahead of you. If you will please wait your turn-" Nasten stepped closer to Doctor Wasey, and in his right hand was a gun with the bulky cylinder of a silencer on it. "This is a stick-up, you sap. Put your hands up and keep 'em there," he said, in a low tone that was none the less deadly for being low. Wasey's hands rose. Not a very large man, he seemed to shrivel a little under the menace of the gun. "I haven't anything of value-" he faltered. "Keep your voice down! One peep out of you, and you get it." Nasten jabbed the gun toward him. "This gat's silenced, so I could plug you easy and nobody'd know." Doctor Wasey moistened his lips nervously. "But I haven't any money here. I haven't a thing-" "Bunk," said Nasten. "A guy named Ringo is supposed to come in here in about an hour and get two grand from you. Two thousand bucks. You'll have that around the place, now. I want it." Doctor Wasey's face got, if possible, a little whiter.
