*More Than Freedom*—Stephen Kantrowitz 2013-07-30 A major new account of the Northern movement to establish African Americans as full citizens before, during, and after the Civil War. In More Than Freedom, award-winning historian Stephen Kantrowitz offers a bold rethinking of the Civil War era. Kantrowitz show how the fight to abolish slavery was always part of a much broader campaign by African Americans to claim full citizenship and to remake the white republic into a place where they could belong. More Than Freedom chronicles this epic struggle through the lives of black and white abolitionists in and around Boston, including Frederick Douglass, Senator Charles Sumner, and lesser known but equally important figures. Their bold actions helped bring about the Civil War, set the stage for Reconstruction, and left the nation forever altered.

*Wisdom for the Soul*—Larry Chang 2006 There's a fresh take on an old standby, the book of quotations. The difference with Wisdom for the Soul is in the selection and organization of the quotations. Each has been chosen for its universal application and poetic quality, grouped into one of 220 themes. While the usual subjects, are represented, the collection encompasses newer psychological territory such as Actualization, Avoidance/Denial, Chaos/Uncertainty, Polarity, Synergy, Unconscious, and more. Although the primary aim of the collection is self-help for the individual, with extensive cross-references to factors that foster or deter growth and well-being, the material will appeal to the quotation collector, speech-writer, and the general reader.

*Standing for Justice*—John Stewart 2001 Standing for Justice is an account of a man who did just that - to understand the man would be to understand the potency of his message, a message that is all too relevant to the problems of the present age. Andrew MacLaren grew up in late Victorian Glasgow in the vicinity of the poverty-stricken Gorbals. His was not a privileged beginning - far from it, but the grinding poverty that he witnessed spurred him on to seek the cause, the reason why men lived in want when, clearly, there was plenty. MacLaren entered parliament in 1922 as a Labour member, supporting the Georgist approach, which was successfully introduced in Philip Snowden's 1931 budget. The collapse of the Labour government soon afterwards led to its suspension and repeal. Thereafter Labour became more socialist in outlook, relying on
welfare and income redistribution to alleviate poverty, but MacLaren would not compromise: as poverty had a discernable cause, it could be eradicated without diminishing the liberty and sturdy independence of the individual through means testing and taxation. It was to keep alive this knowledge that he devoted the rest of his life.

The Beauty of Inflections-Jerome J. McGann 1985 With emphasis on the theoretical and methodological, the studies collected here serve a dual purpose: to explore the fault lines that mark various kinds of ahistorical literary studies from New Criticism to Poststructuralism; and to develop a fully elaborated socio-historical criticism for literary works. McGann moves toward his goal by means of four special sets of investigations: the relation between the so-called "autonomous" poem and its political/historical contexts; the relation of reception and history to literary interpretation; the problems of canon and the characterization of period; and the ideological dimensions of both literary works and criticism of such works. Central to his enquiry is the notion that, whether viewed as an experience or as an event, a literary work is a nexus of various concrete social determinations that can be specified as anahistoric order.

Dante Gabriel Rossetti and the Game that Must be Lost-Jerome J. McGann 2000 Why did the work of Dante Gabriel Rossetti come to dominate the cultural geography of England between 1850 and 1910? And why, having attained that kind of eminence, did Rossetti's star decline so precipitously with the advent of Modernism? Finally, what is there about Rossetti's work and its historical aftermath that makes these questions important ones to ask? The cultural and aesthetic problems raised by those questions are the subject of this fascinating book. Jerome McGann, an eminent authority on Rossetti, demonstrates the programmatic aims of Rossetti's innovative multimedia work by focusing on two issues, one philosophical and one cultural. First, McGann shows how in Rossetti's work high-order thinking processes are modeled and executed as aesthetic practices. Second, from Rossetti's Pre-Raphaelite "art of the inner standing point" McGann argues that Rossetti forces a revision of the cultural norms commonly used for evaluating artistic success and failure.

Escogido XXV - Sallie A Stewart 2015-05-05 "The horse makes me better." Sallie Stewart suffered a traumatic brain injury when her Andalusian stallion, Escogido XV, lost his footing and fell over while she was riding him. Sallie hit the ground first, and then Esco landed on Sallie's head, causing facial fractures and a brain injury that dramatically changed her life. A successful real estate broker and dressage rider at the time of the accident, Sallie had been leading a happy life with her husband, children, and four horses. After Esco fell on her, she lost her memory, her balance, and her ability to perform the most basic tasks. She couldn't hold a job or shake the overwhelming fear that replaced the confidence she once felt. While her husband and sons taught her to walk, talk, dress, and feed herself, Sallie's greatest healing was still to come. With her personal life in disarray and her family's finances in tatters, Sallie was contemplating suicide when she received a life-changing phone call from her dressage coach, Mike Osinski. Osinski calmed the traumatized horse and challenged Sallie to conquer her fears. As she progressed in her lessons, Sallie recovered her memories and developed a new sense of self. She discovered that her deepest healing took place on the back of the very horse that had fallen on her. "Escogido XXV: The Chosen" tells the story of a courageous woman, a compassionate trainer, an extraordinary horse, and their determination to heal their accidental wounds.
