Of Course I Love You...

Now Go to Your Room!-Diane Levy 2010-05-01 Top family therapist Diane Levy gives clear parenting guidelines in this bestselling title. This book presents a modern approach to parenting. Diane Levy believes children must be taught to experience and handle their emotions and they must learn self-discipline. She also believes that it takes about twenty years to raise a child. Within that twenty years, you will have taught - or led your child towards the teaching of all the skills they will need to function in the world away from home. Levy's approach to parenting has two main tenets: Emotional Support and Limit Setting. The first responsibility of parents is to give children emotional support so that they will have the courage to have the experiences and do the learning that they need to become emotionally independent adults. The second responsibility is to set suitable boundaries and expectations so that they can safely tread the path from undisciplined babies to self-disciplined adults. Diane Levy uses her approach to parenting in the context of modern society. In many families both parents work, and many parents work and raise children single-handedly; in order to establish a good family structure clear boundaries must exist between parent and child. She discusses specific issues, such as sibling rivalry, bullying and nasty habits. Readers may dip into the book to find immediate help for problems with sleeping, eating and toilet training. Sex education and strategies for coping with teenagers are also covered; with the last part of the book summing up simple parenting strategies.

Hold On, Someone Is on the Other Line!

-Darmonica Alexander 2011-07 The book is about all of my dreams that I had that never came true. This book will also give the inside track of what I learned about me in my life as I travel through the journey of life. People have always talked about the truth about their life, but what about the whole truth, the good, the bad and the ugly? I am just a normal and regular person who is not perfect in no form shape or fashion. This book is just an insight of my life with all of the encounters coming from a very large family. By coming from a large family today caused many problems for me because I did not realize exactly how poor I was until I began to attend college. Not saying that most of our family didn't pull themselves out of their situations. Happiness came from the inside of your to come true. This book will show that I thought that it was the choices that I made, but in the end I found out that it wasn't only the choice, but it was other individual choices, but it was the decision of my parents that turned my life upside down and on its head. From my experience, as a child growing up here in America in the 60's and 70's life was to have dreams in our small little heads about becoming a fireman, sports photographer, doctor, or even a player playing sports. As a child having dreams are the responsibility of the parents to every effort to make their child dreams come true and this will make them successful and most of all very happy with their accomplishments. See I love the game of football and other sports as well, such as baseball, basketball and track and field, but football was my favorite. The reason that I loved football was my most favorite. The reason it was my favorite because on the football field this was where the smaller player could get even with the bigger bullies who wanted to talk trash to some of the small players. While I played the game of football in the little Pop Warner Football League, I silence the bigger boys without talking trash. As this book unfolds you will find out that other people in my life and bad timing played a role in my unsuccessful dreams. Then you will find out that my life was not only my decision alone. But on the side of all of this I had a good life and I maintained to stay happiness. Now if I had not exposed my life to you, many people would never know the pain and hardship that I experienced in my life time. I am still the same Darmonica who you have know in the past who love sports and love lending a helping hand where it's needed. For the love of life is to love yourself, help another and take the worst of life and make the best of it, and I did just that. Without my family and friends I would not be the person who I am NOW! That's why I say, Hold on, someone is on the other line!

His Eyes Were Dark, He Licked His Lips-Jason Fury 2000-09-01 In His Eyes Were Dark, He Licked His Lips, a gay murder on Fifth Avenue helps topple President Richard Nixon from the White House. What is the mystery of Kurt James? Wherever he goes, scandal and tragedy follows him. Set against the lush ambiance of the Deep South and the glittering backdrop of Fifth Avenue, Kurt flees North Carolina in 1958 after witnessing the vicious murder of his boyfriend by lawmen. In Manhattan, he nearly drowns in a drug and booze drenched lifestyle as the city's most dazzling callboy. Desperate for stability, he lands a job as tutor/secretary in New York City's most fabulous mansion: Darling Place. He falls in love with both father and son, the ravishing David Darling, powerful Wall Street and confidante to President Richard Nixon, and the swarthy, betroubled Claude. Kurt also battles the psychopathic Mrs. Darling, a would-be feminist whose jealousy borders on insanity. Her violent attempts to physically abuse her adorable little son, Tuffy, are thwarted when Kurt becomes his protector. David is forced to stay in Washington to comfort the President who is embroiled in the Watergate Scandal. Suddenly, the nation is shocked by a grotesque murder in Darling Place and the sensational trial and scandal that follows. It is this astounding scandal—of perverted love gone awry—which helps topple President Nixon from the White House—and brings tragedy to those left in Darling Place.
